It has helped me more than any medicine I have ever used." On April 1, 1919, Mrs. Tagmeyer said: "I am still free of the asthma, and still say that I can't praise Lung-Vita enough."

Lung-Vita is a highly effective medicine for stubborn coughs, colds, whooping cough, and bronchial troubles. It is perfectly safe to use for it contains no opium, morphine, or other narcotics. Legal Delays Hinder Beginning of Work On City Auditorium

Members of the auditorium-market house building commission had hoped to begin the work of raising the building on the site by Oct. 1, but delays in examination of title and in bringing condemnation suits necessary to acquire the property have postponed the work. The commission is now in the process of securing title to the property on the site, and it is expected that the work will be begun within the next few days.

The building is to be located on the site of the old courthouse, and it is expected that the work will be completed by the end of the year. The building is to be a two-story structure, and it is expected that it will be a valuable addition to the city's architecture.
